

The President

306013 27.03.2014

Ms Britta Thomsen
Member of the European Parliament

Brussels ASP 11G154

Dear Ms Thomsen,

Dear Britta

Thank you for your email of 13 February 2014 concerning the donation by the National Parliament of Denmark of a copper sculpture to the European Parliament.

I have pleasure to inform you of my decision to accept, on behalf of the European Parliament, the copper sculpture "Homeless - Man on a bench" created by the artist Jens Galschiots.

This artwork is of particular artistic quality and the European Parliament is proud to receive it. This will be one of the cornerstones in the collection of the European Parliament, and in particular among those still too few from the artists of your nice country.

I would be grateful if you could inform the Folketinget accordingly and convey, on behalf of the European Parliament and in my own name, our thanks for this outstanding donation.

Yours sincerely,

Martin Schulz
